Margaret Fitzpatrick, PT, DPT, OCS, is a 1990 Temple University graduate (summa cum laude). She received her doctorate in physical therapy in 2004. Her clinical experience is one of diversity. She began her career in a dynamic rehabilitation hospital and subsequently had the opportunity to work around the country as a traveling physical therapist.

Margaret developed her clinical expertise in orthopedics while managing several outpatient rehabilitation clinics. The American Physical Therapy Association awarded her with a Board Certification in Orthopedics in 1998 for her extensive experience in orthopedics and successful exam completion.

In 1999 Margaret became certified in vestibular rehabilitation for the treatment of dizziness and imbalance and has successfully treated many patients with these conditions. She founded a vestibular support group in the Bucks-Montgomery County area and frequently gives presentations on this topic.

As a competitive runner and triathlete Margaret also enjoys working in sports rehabilitation and fitness program development. It is with pleasure that she brings this experience and passion for her work to Willow Grove Physical Therapy.

Due to the tremendous response since our opening in February of 2003 we have had the pleasure of adding four experienced and talented physical therapists to our staff.

Michelle Lazarski, PT... is a Boston University Graduate with 20+ years of experience and is the director of our senior fitness program. She comes to us from Thomas Jefferson University where she was a Clinical Team Leader of the Outpatient Program. Michelle is also a Certified Vestibular Therapist.

Gina McGovern, PT... is a 1990 Temple University graduate specializing in pain management, myofascial release and craniosacral techniques.

Gina is also a Certified Vestibular Therapist.

Lynne Harding, PT... is a 1986 Beaver College Graduate and is a Certified Vestibular Therapist. Lynne has extensive experience in neurological rehabilitation.

Jenna Klenieski, DPT... is a 2010 Temple University graduate with her doctoral degree in physical therapy. Jenna has clinical rotation experience in acute care, orthopedics, vestibular, and pediatric physical therapy. Jenna also has a bachelor's in Science majoring in Biology and an Associate's in Fine Arts majoring in dance. Jenna enjoys and has an intense background in dance with 20+ years experience and 8+ years of teaching from ages 3 to 80. She also brings experience in evidence based medicine research.

Benefits...

- Treatment by the area's only board-certified orthopedic clinical specialist and certified vestibular therapist.
- Personalized care from experienced practitioners.
- Strong emphasis on patient education and functional independence.
