“ Willow Grove Physical Therapy at Glenside was terrific. Kelly was my therapist and she did a wonderful job working on my balance & strength with me. Other staff members pitched in & also helped when Kelly was not available. All in all a great, well trained group. I highly recommend them, 5 stars! ”

“ 5 Star rating and well earned!!! I never did PT before and was not sure what to expect. From the moment that I walked in, I was warmly welcomed and put at ease! The best part was when I met Dr. Jacqueline Pedersen, PT!!! She was absolutely OUTSTANDING!! She sensed my nervousness and emotional state of mind in her evaluation and immediately reassured me that everything was going to be okay. (and it was!) Jackie is knowledgeable, thorough, positive, sensitive, professional, (I could go on & on) Jackie is a fine example of what the medical profession is lacking today! She is truly the best of the best and Hatboro Physical Therapy is lucky to have such a skillful and outstanding compassionate doctor like Dr. Pedersen!!

I'm back on track and feeling like myself again and all thanks to Jackie!! Absolutely recommend Hatboro Physical Therapy!!!!!!! ”

“ I was a bit reluctant to go to physical therapy for treatment of persistent vertigo symptoms; I wasnâ€ˆ t sure if it was severe enough to warrant treatment, but it was somewhat limiting. Ben A did a thorough evaluation and treatment in one session. I was immediately able to resume my exercise routine and other daily activities without the room spinning and breaking out in a cold sweat. Ben provided calm and thorough instructions and explanations throughout the session. Also, the receptionist was very pleasant. It was overall a very positive experience. ”

“ I have just successfully completed 10 weeks of post back surgery therapy at Willow Grove Physical Therapy. The professionalism, efficiency and empathy of the staff has made my rehab as easy and beneficial as possible. My sincere thanks to Kevin, Abbie, Kelly and the entire crew at WGPT. These folks know their stuff. ”

“ I recently completed PT at Glenside Physical Therapy for frozen shoulder. I love the holistic approach to healing. Kelly was my therapist and I very highly recommend her for her skill, knowledge, overall attitude and sense of humor. The whole staff at Glenside PT wants you to succeed and from ease of making an appointment to encouraging each step along the way, it is top notch. Shout outs to Kyle, Val and Christina for working with me too. ”

“ I am writing to praise the professional care given me at GlensidePT clinic by Dr Kyle, Dr Kevn, and Christina. Their diagnosis and treatment for light-headedness, balance issues and back pain were provided compassionately, one to one, knowledgeable and attentively over many visits. I have usedW.G.P.T. In the past years and always came away well satisfied with my treatments regardless of who provided them. The physical therapists are well trained, personable and extremely capable. Recommended 10/10 and 5 stars. You can expect outstanding care and improvement of your condition, provided you follow through at home when recommended. ”

“ Vestibular therapy is a treatment they specialize in when crystals in you ear become loss & affect your balance, sometimes with vertigo. They specially in having trained PTs that are able to teach special maneuvers that are used to help maneuver the out of place crystals back into their proper place. Go the the specialist that can help you deal with balance due to displaced ear crystals.â“ ”

“ I want to express my gratitude for all that Julie did for me. Thank you to Julie for taking the time to explain things and to include my wishes in the plan of care. I was a patient at Willow Grove Therapy 8 years ago, and at that time I was on a walker and Julie worked with me at that time and I eventually was able to walk without the walker or cane. So it was a no brainer that this is where I should go this time for my arm fracture. Margaret has created such an impressive organization. I was amazed at how knowledgeable and effective the staff is at getting to the source of their patient's problem. The entire staff is always so helpful, caring and professional. My sincere thanks to Julie and the rest of the staff for all you do. ”

“ I was referred to Willow Grove Physical Therapy because of a significant. Uncomfortable ventricular disorder. All of the members of this professional group who attended me helped me immediately to feel better. Their chief, Dr. Fitzpatrick is an amazing clinician who helped me to get better quickly. I am happy I found this physical therapy group and my dizziness, pain and balance are significantly improved. ”
